

TexasBank is happy to finance the site where Chick-Fil-A has installed its 3,000th location! "There is not just a great need but also a great demand for high quality establishments in the Southern sector of Dallas that residents have in the rest of the city," our Dallas Market President, Bruce Leib, shared. TexasBank has invested \$26.2 million in the development of The Red Bird Neighborhood Mall, which is considered one of the most underserved areas of Dallas/Fort Worth.
